

Amber200-5GE-4PA-24V 5-Port Unmanaged PoE Industrial Ethernet Switch

Description

Amber200-5GE-4PA-24V is an unmanaged PoE/PoE+ industrial Ethernet switch with 5*10/100/1000M auto sensing electrical ports. Four of the copper ports support PoE/PoE+, with up to 30W output each port. The switch is powered by 9~36VDC so that it is right choice in the application where 12VDC or 24VDC power is available. Industrial level 3 protection design and IP40 enclosure protection makes the product suitable for applications in harsh environments.

Advantages

- -40~+75°C operating temperature
- 6KV port surge protection
- 9~36VDC power input
- EMC industrial level 3 protection
- Maximum 30W power on each PoE port
- DIN or wall mount

Specification

Item		Description
IEEE Standards	Standard	IEEE 802.3: 10Base-T
		IEEE 802.3u: 100Base-Tx and 100Base-Fx
		IEEE 802.3ab: 1000Base-Tx
		IEEE 802.3af/at
		IEEE 802.3x
Ports	Electrical	5*10/100/1000Base-T (RJ45)
Switch Performance	Capacity	10Gbps
	Switch Delay	7μS
	MAC Table	2K
	Memory Buffer	1M
Device Management	LED Indicator	Power
Power	Power Input	9~36VDC input, 5-pin terminal
	Power Consumption	<3W; ≤30W on each PoE port
	Maximum Total Power	80W
	Overload Current Protection	Support
	Reverse Polarity Protection	Support
Environment	Storage Temperature	-40~+85°C
	Operating Temperature	-40~+75°C
	Operating Humidity	5%~95% non-condensing
Mechanical	Enclosure	Metal
	IP Level	IP40
	Dimensions (W x D x H)	62 x 103 x 100mm
	Weight	0.6 KG
	Installation	DIN/Wall mount
